

# Road Map to GMM - Early Learning

Team

Data

Practices

Celebrate

**Team:** Who's currently at the table? Who agrees with your goals, but is not at the table? What steps can you take to invite them in?

**Data:** What are 2 -3 measurable ways that can tell how well children are doing in your community? Do you have that information? If not, can you get it/build it/share it?

**Practices:** What's working – in your town or elsewhere in Montana – to build great community/early learning/school collaborations?

**Celebrate:** How do you celebrate the great work you are doing? How often do you share your stories with the media/community/decision makers?
